Celebrate Our New Wellness Center That Serves Our Community!

The Family Resource Center offers a variety of no-cost, low-cost programs and services to children, youth and families who reside in the communities served by the Rowland Unified School District (Rowland Heights, La Puente, Walnut, West Covina and Industry).

Families receive health-related information, referrals, health-insurance and local resources in a variety of basic need areas. All work is done in collaboration with numerous agencies.

The new 3,200 square foot building now also houses the Children's Medical Clinic and SSG Children's Dental and Outreach Project.
