LCAP Community Meetings And Survey

We Need Your Input for Educational Excellence

Dear Rowland Unified Families & Community,

We want every child to receive an innovative education that allows them to achieve whatever they can dream. That means creating a plan for our District that balances our resources, sets clear goals, and maintains our vision for student learning. Superintendent Dr. Julie Mitchell invites our community to share input on RUSD programs and resources for student success in this informal planning session for the Local Control Accountability Plan (LCAP).
