### **Specifications/Clarifications:**

**Questions:** As it is not anticipated that this project will exceed \$1,000,000.00, please confirm whether it is just the prime contractor who must be prequalified, or are subcontractors of all tiers subject to the same prequalification requirements as well.

**Answer:** Due to the funding source being used to fund this project, it is required for the sub-contractors – B General Building, C-10 Electrical and C-36 Plumbing to also be pre-qualified for this project. Please refer to page 8 of the prequalification application packet for any other contractors which you intended to employee. They also will need to be pre-qualified.
